ELIGIBILITY FOR CLASSES

In the following definitions of classes, First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: 'A Ramp', Dog Walk and See-Saw. With this proviso, classes are defined as follows:-

Class Structure. A class may be either held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will require one Agility win or three Jumping wins in standard classes at that grade, except that progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class. Progression from Grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme.(Regulation K3.c refers), except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade. Progression on points must be done prior to the closing date of entries. It is not possible to change a grade one the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and point's progression referred to in the definition apply only to one dog and not an accumulation of dogs.

The 'Laser' Knockout Pairs is a fun competition, sponsored by Adams Agility

- 1) The class will be open to all large dogs.
- 2) There will be eight qualifying heats. The top four pairs from each heat will qualify for the Final at Adams Open Show at Catton Hall on 29th August 2015. Once a pair has qualified for the final, they may not run in further heats for the final which they have qualified for.
- 3) Handlers may enter more than one pair. Dogs may only compete in one pair in any heat. If a handler has entered more than one pair and is drawn to run against themselves, they may nominate another handler to run one of the dogs. That handler must then continue to run the dog for the rest of the heat and if they qualify for the final, they must run the dog in the final. Alternatively the handler can nominate which pair should continue in the heat.
- 4) The pairs will compete against each other over two similar courses. There will be a judge for each course. There will be a baton change between the first and second handler which must take place behind a line, failure to do so will incur 100 faults. Time and faults will be added together and the winning pair will be the one with the lowest time. The judges' decision will be final.
- 5) The course will consist of 10 obstacles, made up of jumps, tunnels and weaves (6 poles) only. Normal marking will apply. If a dog is eliminated, it will incur 100 faults. Should both pairs be eliminated, the pair which was eliminated first will lose.
- 6) The winning pairs from each round will go through to the next round until there is only one pair remaining.
- 7) Pairs will be issued with a running order which must be strictly adhered to. Pairs failing to run when due will be knocked out and the other pair will go through to the next round.
- 8) Only handlers and dogs originally entered may compete at the final (except in the case of rule 3). Any changes are at the organisers' discretion.

The winners and runners up for each heat will receive a trophy and rosettes will be presented to the last 8 pairs.
